

Printables for “1-10 SPLAT”

KNPIG ID # Ni 1120.1 - YELLOW

This file contains printables for a small group of students.

For each additional student print 1 new splat game board and one set of dot cards.

- 6 1-10 SPLAT Game Board
- 6 sets of Splat Dot Cards- Numbered: 1-10

Teacher Note: Recommended lamination or protective sleeves for game boards so use of dry erase markers is possible. Protective sleeves are easier to erase than lamination but do not hold up as long.

If printing the game board or dot cards is not possible, students may create their own on a piece of paper. Be sure to have them follow the same format as the one provided. If you do not want students to color on the game boards have them cover the number square with colored tiles or bingo chips.
